FREQUENTLY ASKED QUESTIONS

Why Should We Assist You With The Memorial Service?

We aspire to facilitate a memorial ceremony that reflects dignity and beauty. The survivors usually have so many things to cope with that our presence removes what could otherwise be a large burden to organize and oversee something so important. Our professional funeral service staff will receive flowers and deliver them to the memorial service location. We will prepare a typed summary for clergy listing the various details that pertain to the deceased and survivors as well as the ceremony. We will deliver, display or otherwise care for the cremated remains as you desire. We will reserve and assist with seating. We will provide memorial registers for signatures, greet your guests as they arrive and guide them as needed and distribute any printed materials as you wish. We will assist in displaying memory boards, photographs and mementos as you request. We will coordinate with musicians and clergy and prepare honorarium checks for these parties. We will deliver any flowers, photos or the cremated remains to the location of your choice. We will attend to any other specific needs you may have related to the service. We do all of these things to relieve you of attending to the details of the ceremony and be with your family and friends.

What does "a proportionate share of overhead costs" mean?

You may have noticed on our general price list a charge for "A proportionate share of overhead costs". This charge represents the costs that our firm incurs to provide the following types of services for our families: the overhead expenses for operating the cremation facility such as responding 24 hours a day to calls, accounting and billing, secretarial and administrative costs, maintenance and utility expenses, equipment and inventory expenses, insurance expenses and similar overhead expenses.

Many firms add these types of charges into other items. We have chosen to separate these expenses often called, fixed expenses" in order to track these items closely and do our best to control these costs for our families.
